CROSS-CUTTING THE CAMPUS

THE PAST IS IRREFUTABLE and we can think only about the future.

That statement was made by President Ellis at the February banquet of the Florida Alumni Association in Sebring and emphasized at other alumni dinners this spring. He was discussing the future of Juniata College.

Throughout this year—in the midst of the \$5,350,000 development program—President Ellis, Joseph R. Good and other leaders of the campaign have pointed out that “we are engaged in tremendous changes.”

The College will be able to accom-

modate more resident students as it “builds for tomorrow.” The new residence hall for women now under construction, the proposed library and the planned science center—all will provide “much needed new buildings” to help educate young men and women for leadership.

The College of Tomorrow

WHO WILL GO to college—and where? What will they find? Who will teach them? Will they graduate? What will college have done for them? Who will pay—and how?

In this issue, the *Alumni Bulletin* has included a special 16-page report on “The College of Tomorrow.” It was prepared by a group which form Editorial Projects for Education and is designed to awaken alumni to the potentials of their alma mater IF they will join in the job of institutional support.

If nothing else, the report involves your own principal interest in life: your children or grandchildren.

Commencement on Sunday

THE COLLEGE again will hold its year-end Commencement on a Sunday afternoon this year. Exercises will be held at 2:30 p. m. June 3, in Oller Hall.

This major break in tradition came last year when the College held its first Sunday Commencement to provide a more compact weekend of alumni and senior activities. Prior to the change, Commencements were held on Monday dating to 1921 and on Thursday beginning in 1879.

Harvard's Douglas Bush, Gurney professor of English literature, will give the Commencement address. Widely known as a lecturer and writer, Professor Bush is a leading authority on Renaissance and 17th century literature.

Class reunions and the annual alumni dinner will be held Saturday, June 2, and the Commencement Chorus will sing parts of “The Messiah” in Oller Hall that night at 8:15. Baccalaureate will be held at 10:45 a. m. Sunday.

The “farewell dinner” for seniors, given by alumni, will be held May 17 to replace the traditional appearance of the seniors at the Saturday banquet. Delbert J. McQuaide '58, will speak.

Planning for Juniata College's future is very much in the minds of this quartet of Juniataans. President Ellis discussed the objectives of the development program with (left to right) General Chairman Joseph R. Good ex '33, Jack W. Lang '49, Huntingdon borough chairman, and Raymond A. English '19, chairman for Huntingdon-Fulton area campaign, at a "kickoff" dinner in Oneida Hall.

Two good reasons why the Juniata College choir has had a successful season are the Kimmels of Shelocta, Pa. Brother Judson is a sophomore in the bass section and Sister Kathy (who has starred in three musical productions) is a senior alto.

Honors for Thirteen

THIRTEEN STUDENTS at the College were recognized at Honors Day convocation March 26 for "high scholarly attainment, moral integrity and broad cultural interests." All were selected for the Juniata College Honor Society.

The Honors Day address was given by the Pulitzer-Prize winning American poet, Stanley Kunitz, who appeared on campus for two days as the Will Judy lecturer.

Four of the 13 selected are seniors: Phoebe E. Cuppett, New Paris; H. Melinda (Linda) Mumma, Manheim; Herbert S. Sipe, Jr., Lewistown; Donna J. Zwick, Stoystown.

The remaining nine are juniors: David N. Bailey, Irwin; Richard A. Caulk, Sewell, N. J.; John M. Cramer, Mifflintown; Dean S. DeBell, Gloucester, N. J.; Barry B. Moore, Roaring Spring; Mary E. Rambo, Bellmore, N. Y.; Gary A. Smith, Altoona; Michael Tyson, Haddonfield, N. J.; Millicent A. Young, Roslyn.

Summer Term Scheduled

A 10-WEEK SUMMER term has been scheduled by the College June 11 to August 17 to offer a program of courses in its three divisions of study.

Dean Morley Mays has announced a list of 35 offerings in art, English, French, Spanish, philosophy, economics, education, history, political sci-

ence, psychology, sociology, biology and physics.

The term will be divided into two five-week periods, June 11 to July 14, and July 16 to August 17.

781 Enrolled

A TOTAL of 781 students—two less than last year—is enrolled at the College for the Spring term. All but 30 of the total are classified students in the four undergraduate classes of the college. The breakdown shows 151 seniors, 156 juniors, 208 sophomores, and 236 freshmen.

Of the 751 classified students, 680 are listed as resident and 71 as non-resident (day) students. There are three special and 27 unclassified music and non-music students (all non-resident). In the grand total, men outnumber women 438 to 343.

Community Chorus

THE HUNTINGDON Music Club and Juniata College joined in presenting the Community-College Chorus in its mid-winter concert in Oller Hall Feb. 25.

Townpeople and college students sang in the chorus under the direction of William B. Merrel, associate professor of music at Juniata. The chorus is now in its fifth year.

An experience in international living is provided on the Juniata campus by this trio of helpful freshmen from other lands: Ellen Yee-Ling Lee, Hong Kong; Chumpol Phornphapha, Bangkok, Thailand (standing); and Andronico Adede, Nairobi, Kenya, Africa.

Among the soloists was C. Greer Bailey '41, Irwin, Pa. Phyllis Henry ex '33, Charlotte Himes, Glenn P. Holsinger '47 and Donald M. Rockwell, all of Huntingdon, formed the quartet for a Handel number. Mrs. Himes sang a mezzo-soprano solo in "Joshua."

Hutchison Scholarship

A SCHOLARSHIP FUND of \$15,000 has been established at the College by Dr. Fred R. Hutchison, distinguished physician and surgeon from Huntingdon, in memory of his wife, Minna K. Hutchison.

Dr. Hutchison, long-time chief of staff of the J. C. Blair Memorial Hospital in Huntingdon, has designated the income to be used for scholarships for "worthy pre-medical students." If the recipients maintain a satisfactory academic average, they may hold the scholarship for four years.

His son, Fred, Jr., attended Juniata; daughter Joyce (Jobie) was graduated in 1948 and is married to William S. Dunkle ex '50 of Loring Air Force Base, Maine, and another daughter, Nancy, is married to Dr. Robert P. Dutlinger, who was a pre-medical student at Juniata.

Campus Briefs

THE 86TH ANNIVERSARY of the founding of the College was observed Monday, April 16. Guest speaker was Dr. George R. Walter '40, a college professor and mayor of Johnstown, Pa. . . .

Elementary education juniors at the College have conducted a series of children's story hours in the Stone Church on the campus for Huntingdon boys and girls . . .

The College received \$500 from the Sears-Roebuck Foundation to help cover the cost of educating a Merit Scholar (Richard B. Gardner '62, Johnstown) for the current year . . .

After a highly successful presentation of "King Midas" for a children's theater audience of more than 800 here, students of the College "put the show on the road" for performances in Roaring Spring, Tyrone and Hollidaysburg in Central Pennsylvania . . .

David A. Young '63, Upper Darby, Pa., is the new editor of *The Juniatian*.

Kay Haviland '62 Writes:

CAMPUS VIEWPOINT

Senate Battles 'Negative Attitude'

TRADITIONAL MOVE-UP DAY ceremonies in March marked the end of another successful year in student government. In his last speech as Senate president, John A. Rummel, Glenshaw, Pa., pointed out a few of the topics which will occupy the incoming Senate.

Foremost of these is the "negative attitude" which has been so prevalent on campus this year. Another is the proposal of social clubs, which was recently presented to the new Senate and will soon be given to the students for consideration. George Klingman, president; Larry Jones, vice-president; Peggy Robinson, secretary and John Nowell, treasurer, are the new officers for the Senate. (see photo)

Rummel took office a year ago with a pledge to revitalize student government with student support. From personal contacts with each student last spring to last fall's Leadership Conference, which has been called one of the most successful ever, to greater publicity of all Senate activities throughout the year, the Senate's goal was improved student body—student government communications.

The Senate also took decisive action on the Honor Code, presenting two versions for a vote during its term. When the second was defeated in January, the topic of an honor system for Juniata was dropped. Other activities included work on the social club constitution, purchase of bicycles for a rental service and initiation of a Senate bulletin board.

The Indian Broadcasting Company moved into a new studio—the old Senate office—last fall, and then began second term broadcasts with new equipment in the new location.

Station manager George Dffenbacher '63 and his staff of over 40 announcers are on the air five and a half hours six days a week with shows which now reach all five dormitories.

More than \$400 has already been spent on the new equipment, which includes a broadcast desk, turntables, tape recorder, control panel and a cueing system, and there is still more work to do. Funds for the improvement of WJC have come in part from Senate donations and in part from the

newspaper and peanut concessions held by the station.

Children's Theater is apparently "here to stay" at Juniata. The fourth show, Mr. Popper's Penguins, was another success on the Oller Hall stage.

The college's first attempt at productions for children was an overwhelming success when more than 1,000 youngsters jammed Oller Hall to see Rumpelstiltskin, February, 1961.

A similar staging of Hansel and Gretel during the 1961 summer session and this February's presentation of King Midas and the Golden Touch were received with the same enthusiasm.

According to director Bruce Spencer, assistant professor of English, performances such as these "attempt to bring the magic of living theater to youngsters."

History — viewed dramatically or comically — provided the theme for this year's All-Class Night skits.

Officers of Juniata's Student Senate are preparing for 1962-63. Left to right: Laurence R. Jones, Indianola, Pa., vice-president; Margaret J. (Peggy) Robinson, Villa Park, Ill.; secretary; George C. Klingman, Mifflinburg, Pa., president; John O. Nowell, State Line, Pa., treasurer.

Leading roles in College dramatic productions this year have been in the capable hands of Rich Caulk '63, Dean's List student from Sewell, N. J. and Sylvia Vanada '63, talented Masquer from Mapleton. Their performance in *Liliom*, the winter play, was hailed as "brilliant" by critics.

honors. Last year's winners, the class of '62, told the story of Stanley's search for Livingstone, while the freshmen presented the story of William Tell in bedtime story form.

The juniors won first place with their portrayal of the role of women in three significant periods — colonization, drafting the Constitution and the Civil War—in the skit entitled *American History to 1865*, taught by "Mrs. Jane Crosby."

The lack of a car need not keep one from travelling, according to almost 30 Juniata men who recently went to the Capital building in Harrisburg—by bicycle!

The 98-mile marathon to Harrisburg highlighted a year of bike riding in Huntingdon and nearby areas which began last fall when the Senate rented and then purchased several bikes from a Huntingdon dealer and began a rental service. Bikes are now the favorite means of transportation on campus—for business or pleasure.

Winner of the Harrisburg race was sophomore Rich O'Connell, who reached the Capital in six hours and twenty-five minutes. Also completing the distance in less than seven hours were Karl Baer and Rodney Jones.

THE FACULTY BRIEFCASE

Geologist Added to Faculty

BUILDING FOR TOMORROW has been showing up in the College's academic program. Latest indication is the addition of an instructor in geology to the division of natural sciences. This opens the way for development of a Department of Geology "in the future," according to Dean Morley Mays '32.

J. Peter Trexler, geologist with the U. S. Geological Survey, Ann Arbor, Mich., has been appointed to begin courses in geology at the College next September.

A native of Allentown, Pa., Trexler is a graduate of Lehigh University (B.S. 1950, M.S. 1953) and is now completing work on his Ph.D. at the University of Michigan.

Although principally a research geologist, Trexler was assistant geologist for Lehigh Portland Cement Company (1950-52) and was a graduate teaching assistant at both Lehigh and Michigan. He has been employed by the U. S. Geological Survey since 1953 (except for two school years at Michigan).

J. Peter Trexler

Most of Trexler's work with the Survey has been in the anthracite region of Eastern Pennsylvania. However, he has worked in Montana and New Mexico. He is a member of Sigma Xi, Geological Society of America, American Association of Petroleum Geologists, and the Pennsylvania Academy of Science.

Chemist Joins Faculty

A RESEARCH CHEMIST with the duPont experimental station, Wilmington, Del., Dr. Jean P. Paris, joined the Juniata faculty in January as lecturer in chemistry. He is conducting work on a Public Health Service research project.

Dr. Paris

A graduate of Rochester Institute of Technology (1955) and the University of Michigan (1957), Dr. Paris earned his Ph.D. at Purdue University (1960). He was a chemist in the polychemicals department at the duPont experimental station in Wilmington since May 1960.

Honor 3 of Faculty

THREE MEMBERS of the faculty were honored for completing 10 years of service for the College at the annual Founders Day tea April 16.

They were: Barbara J. Cochran, assistant professor of physical education for women; John T. Fike, treasurer; and Mrs. Marjory L. Joseph, associate professor of home economics.

*Hungarian Freshman Paul Pesthy Is Champion
In Modern Pentathlon — Aims for Olympics;
Expert With Epee; Rides, Runs, Shoots, Swims*

THE JUNIATA SPORTS PARADE

FENCING, RIDING, swimming and pistol shooting are not even in the intramural program at the College, but there's at least one freshman who has ignored this oversight and is aiming to prove he's a real champion.

Paul Pesthy, a 23-year-old Hungarian, is the international modern pentathlon champion at present, but he also is Juniata's "brightest hope" to represent the United States in the 1964 Olympic Games in Tokyo.

Not only superior in each of the four sports mentioned, Paul has been a letter-winner on the Indians' undefeated cross-country team and is currently boosting the track hopes in the distance races for Coach Mike Snider.

Cross-country running is the other event in the five-sport competition known as the modern pentathlon. Each man in the pentathlon is required to run 4,000 meters cross-country, ride a horse over a steeplechase course, fence with the epee, shoot a pistol, and swim 300 meters.

Father Was Champ

Born in Budapest, Hungary, a country known for outstanding pentathletes, Pesthy got his early training from his father, Caroly, who won the world saber fencing championship in 1951.

Later, as a high school student in Budapest, he began training for the Hungarian junior pentathlon team. During six of the eight years of high school, he competed in the five-sport event. In 1954, Pesthy was a member of the team that won the Hungarian junior championship; in 1955 he won the individual junior title.

It was a round-about route that Pesthy took to Juniata College. He escaped from Hungary during the

1956 revolution. The Pesthys traveled to Bogota, Colombia, in South America, where Paul's father was offered the job as national fencing coach.

Arrived in 1958

In Bogota, Paul met an American general, John Grodack, who helped him get to the United States in 1958.

Even that wasn't easy because his plane made a crash landing in a swamp near Baranquilla, Colombia. Pesthy lost six swords—epees and sabers—and all his clothing except what he was wearing. He suffered a slight injury to his left knee.

On his second attempt at flying, Pesthy made it to Miami and then New York. Although in this country only three days, Pesthy reached the semi-finals of the United States individual epee fencing championship.

Later in 1958, the Hungarian athlete joined the U. S. Army and trained under Col. John Russell for the U. S. pentathlon team at Fort Sam Houston, Texas. While there, Paul met and married Ann Royer whose grandfather lives in Huntingdon. After his discharge from the Army, Paul and Ann came to Huntingdon and he was accepted as a freshman at the college last September.

Quiet and modest, Pesthy did not boast of his fame although he is generally recognized as the best athlete in America at the pentathlon.

Won Epee Fencing

In fact, his achievement was not generally known until after he spent a gruelling day at the New York Athletic Club in mid-winter and came

(Continued on Next Page)

John Pesthy '65

back as the winner of the open epee fencing competition. He won over a field of 42, including several former national champions.

Otherwise, he has had very little competition and not much practice in any of the pentathlon events, except cross-country running.

Pesthy missed out on a berth in the 1960 Olympics when he was barred from the U. S. pentathlon team by a Hungarian protest on his citizenship. When his American citizenship is final, Paul will become eligible to represent his adopted country in international competition.

His goal is to win the world pentathlon championship by dethroning Russia's Igor Novikov, who won one of his four titles at Hershey, Pa., in 1959, when Pesthy could not compete.

So, in spite of the fact that Juniata has no swimming pool, there aren't any horses, and you can't shoot without a pistol, Paul Pesthy is working toward the day when he can use the sword and pistol, run, swim and ride against the Communists who once chased him from his country.

Wrestling Improves

WRESTLING BEGAN to "come of age" at Juniata this season as the team displayed its best record to date in four years of competition by winning four of nine matches.

In three previous "infant years," the Tribe matmen won only one match, while losing 11 and deadlocking 2.

This season, under new coach Carl Shollenberger, the Indians defeated Elizabethtown, Dickinson, St. Francis and Gettysburg and lost close decisions to Indiana and Lebanon Valley. MAC champion Lycoming was the only opponent to shut out the Tribe.

Harry Gahagan, a slim 137-pound junior from Martinsburg, Pa., posted the best individual record with a 7-2-0 mark. Grey Berrier, Harrisburg heavyweight; J. C. Day, Drexel Hill, 157-pounder; and Joe Kuchmay, Media, 123-pounder, also boasted winning records. Berrier reached the semi-finals in the MAC tournament before losing a one-point decision to the eventual champion.

Harry Gahagan (top) is about ready to flip his opponent into a fall position for another of his victories in wrestling for JC this season. Harry '63, a 137-pounder from Martinsburg, was the top winner for the Tribe.

Frazier, Halligan Shine

A HOLLIDAYSBURG junior and a one-term student who played only half the season carried off top scoring honors in Juniata's efforts to pull out of the basketball doldrums. The Tribe won 3, lost 14.

Pat Frazier, a player under coach Ralph Harden in high school, tallied the most points (183) for an 11.4 average, but he was bettered by Tom Halligan, Ritcheyville, in other departments. Halligan averaged 12.2 and posted a .412 mark in field goal shooting although he was around for only nine games.

A Pottstown senior, Stan Hallman, who sparked the Indians to an "improved performance" in late season, won the alumni trophy as "most outstanding." Hallman, only letterman who will graduate, grabbed the most rebounds (129).

Tom Rupert, Huntingdon junior, and Tom Wiklund, Lewistown freshman, were the only two to play in all 17 games. Rupert was runner-up to Frazier in total points (158) and second to Hallman in rebounds (100); Wiklund led the team in foul shooting with a .741 mark and was ninth among Middle Atlantic conference leaders.

Scholastic Relays

APPROXIMATELY 260 of the mid-state's top schoolboy track and field men competed in Juniata's seventh annual invitation scholastic relays on College Field April 28 after a two-week postponement.

Twelve high schools sent contestants for the 14-event meet arranged by P. M. (Mike) Snider '26, director of athletics and veteran track coach.

Big Spring Joint of Newville and Richland Township of Johnstown were newcomers to this year's entry list.

Other schools entered were: Cambria Heights (Patton), Chestnut Ridge (Fishertown), Clearfield, Elders Ridge (Saltsburg), Huntingdon, Indiana, Jersey Shore, Kishacoquillas (Reedsville), Lewistown, Lock Haven, State College, Tyrone, United (New Florence) and West Branch (Winburne). Four had to withdraw because of the postponement.

Five relays — 440, 880, one-mile,

two-mile and sprint medley — were held. An open one-mile run, two hurdle races and six field events also were included.

Sports Briefs

CO-CAPTAINS have been selected to lead Juniata's football team in 1962. They are Dave Oliver, 196-pound guard from McKees Rocks (Stowe High), and Ron Poruban, 5-7 "pee-wee" quarterback from Portage (Beaverdale High) . . .

Bill Crowell, sophomore guard from Patton, and George Patrick, senior halfback from Windber, have been selected winners of the alumni trophies in football . . .

Coach Ernie Post's junior varsity basketball team won four, lost six in his first season. A Barnesboro sophomore transfer, Bob Hoellein, led the jayvees in scoring with a 12.8 average.

Hicks Goes to Wagner

BOB HICKS, who coached the Juniata Indians of Tangerine Bowl fame through two "perfect record" seasons in 1954 and 1955, has been named head football coach at Wagner College, Staten Island. Hicks had been backfield coach at Detroit since 1959 and was head coach at DePauw for three years.

The Hard Way

THE INDIANS' new basketball coach, Ralph Harden, has said that "rebounding in basketball is what pitching is to baseball." He knows, too, because Juniata averaged some five fewer rebounds per game in losing all but three contests last season.

Real Pedal-Pushing

SEVEN-DAY BICYCLE races may be a thing of the past, but a group of bike-happy students at Juniata are trying to make a collegiate sport of the seven-hour cross-country pedal grind.

In late March, 27 men students organized a "test of endurance" on bicycles and headed for the capitol building at Harrisburg, 96 miles away over Route 22.

Twenty-four of the 27 made it! There were no casualties, just disabled bicycles.

And the winner, Rich O'Connell '64, Pittsburgh 16, didn't need seven hours. He pedaled the distance in six hours, 25 minutes.

Notes From the Desk

THE JOURNAL of Chemical Education has selected Dr. David M. Hercules '54, associate professor of chemistry, as a representative for its "men-who-are-important" series of promotion folders.

A biographical article on Hannah Whitall Smith by Prof. Earl C. Kaylor, Jr. '46, will appear in the multi-volume biographical dictionary "Notable Women of America," sponsored by Radcliffe College.

President Calvert N. Ellis '23, is serving on the 16-member Commission on Federal Relations for the American Council on Education because of his important post as chairman of the Commission on Legislation of the Association of American Colleges.

Dr. Eva Hartzler '38, professor of chemistry, has been selected to attend a National Science Foundation Summer Institute at American University June 18-July 27.

An essay by Dr. Robert B. Thornburg, professor of English, was published in a recent issue of *Response*, quarterly journal of the Lutheran Society of Worship, Music and Arts. Its title: "Bach, the Lutheran Layman, and The Church Year."

Bethany Biblical Seminary has announced that Dr. Donald F. Durnbaugh, assistant professor of history, will teach in its department of church history next fall.

WHAT WILL COLLEGE BE LIKE FOR YOUR CHILDREN . . . ?

Questions like this must be in the minds of every college graduate who has children—children who one day will follow in their parent's footsteps in pursuit of higher education.

Such questions are posed and possible answers given in the following supplement telling of higher education's future.

The editors are proud to present:

At the time, Jerry had spent the summer at Temple University and Norma was recuperating from a year of graduate work at the Pennsylvania State University. Jerry is teaching chemistry and earth science at the Paxton Hollow High School of the Marple-Newtown joint schools. In addition, he is attending Temple night school and is assistant wrestling coach at Marple-Newtown. Norma is teaching French and Latin at the West Chester High School. Both Jerry and Norma hope to continue their studies for a master's degree.

John W. Swigart, Jr., was married last June 17, 1961, to Martha Catherine Hunter of Lewistown, a '61 graduate of Wilson College. They are presently living at 1925 Moore St., Huntingdon. John is with Swigart Associates, Inc., and Martha is doing substitute teaching at Huntingdon Area High School.

Ron Clippinger is studying his way through his second semester at Dickinson School of Law. On October 27, 1961, "Clip" took as his bride Nancy Kay Shittel in Sharpsburg, Md. They are now living at 132 S. Hanover St., in Carlisle, Pa.

Sandy Graner became Mrs. Michael Pascoe in a candlelight ceremony on December 23, 1961. Marjorie Pusey '62 was her maid of honor. After a honeymoon at Split Rock Lodge in the Pocono Mountains, Sandy settled down to the enjoyment of being a career woman and a housewife. She is a caseworker for the Children's Service of Lehigh County. Her main job is to supervise foster child care and adoption.

Joins Peace Corps

ONE OF THE FIRST Juniataans—if not the first—in the Peace Corps is Ina Rae Kyler '61, now in Brazil. Her home is Mapleton in Huntingdon county.

Miss Kyler '61

Ina Rae was among 55 volunteers from 26 states who took a six-week training course at 4-H Club National Headquarters at Chevy Chase, Md., then a one-month physical conditioning program in Puerto Rico. All of the recruits had some rural experience in 4-H club work or with the 4-H International Farm Youth Exchange.

After several months of language study in Rio de Janeiro, Miss Kyler and other volunteers will assist in teaching and training 4-H clubs in rural Brazil.

Judy and George were trapped inside the car until firemen could extinguish a fire that followed a head-on crash. They were to be married April 14. Her parents are Mr. and Mrs. Henry Wernsing, East Hill Road, R. D. 1, Waterville, N. Y.

Tragedy struck the class a second time when Albert W. Dungan, one of Juniata's best all-around athletes, was killed instantly April 18, 1962. His car crashed near his home at Newtown in Bucks County. Al had been teaching at Richboro elementary school. His wife, Beverly Condit Dungan '58 and two small children, survive.

Carol Miller and George W. Calhoun were married December 16, 1961. In the wedding party were Jane Brumbaugh, soloist; Roberta Savage and Shirley (Raffensperger) Lantzy ex '60. Carol is attending night school at the University of Maryland and teaches seventh grade at the Francis Scott Key Junior High. George is office manager for the Republican National Committee. Address is 5532 Parkland Court No. 302, Washington 28, D. C.

Barbara Fritchey, 1414 E. 59th St., Box 413, Chicago 37, Ill., is currently a second year graduate student in social work at University of Chicago. She will graduate in June and is planning to enter Civil Scouting as a professional staff member.

Patricia Bauer and Lloyd L. Greenawalt '59 were married July 15, 1961 in the John Calvin Reed Chapel, Mt. Lebanon Presbyterian Church, Pittsburgh. Before her marriage she was employed by the Pittsburgh board of education, division of guidance and child accounting, serving as a school social worker. Now she is "just a housewife rapidly becoming a butterball due to eating too much of my own cooking." Les has been employed by the J. J. Newberry Co. since graduation and at present is assistant manager for the company store in Atlantic City, N. J. Address is 1424 Atlantic Ave., Atlantic City.

After graduation, Judy (Castree) Wilson spent two years as a private secretary to a Presbyterian minister. From there she worked as secretary to the personnel manager at Merck, Sharp and Dohme near Lansdale, Pa. On June 18, 1960, Judy married Al Wilson, an Ursinus graduate, who is now teaching social studies and English at Watchung Hills Regional High School. Pamela Sue joined the Wilsons on April 4, 1961.

Nancy Myer and William Snyder were married June 10, 1961. Bill graduated from Shippensburg State College after serving four years in the U. S. Navy. Juniataans in the wedding were Carol (Teeter) Flamini; Sally (Ebersole) Miller and Jackie Lu Rhodes. Nancy and Bill are both in the elementary schools of Northern High School district. They are residing at 300 S. Baltimore St., Dillsburg, Pa.

two-mile and sprint medley — were held. An open one-mile run, two hurdle races and six field events also were included.

Sports Briefs

CO-CAPTAINS have been selected to lead Juniata's football team in 1962. They are Dave Oliver, 196-pound guard from McKees Rocks (Stowe High), and Ron Poruban, 5-7 "pee-wee" quarterback from Portage (Beaverdale High) . . .

Bill Crowell, sophomore guard from Patton, and George Patrick, senior halfback from Windber, have been selected winners of the alumni trophies in football . . .

Coach Ernie Post's junior varsity basketball team won four, lost six in his first season. A Barnesboro sophomore transfer, Bob Hoellein, led the jayvees in scoring with a 12.8 average.

Hicks Goes to Wagner

BOB HICKS, who coached the Juniata Indians of Tangerine Bowl fame through two "perfect record" seasons in 1954 and 1955, has been named head football coach at Wagner College, Staten Island. Hicks had been backfield coach at Detroit since 1959 and was head coach at DePauw for three years.

The Hard Way

THE INDIANS' new basketball coach, Ralph Harden, has said that "rebounding in basketball is what pitching is to baseball." He knows, too, because Juniata averaged some five fewer rebounds per game in losing all but three contests last season.

Real Pedal-Pushing

SEVEN-DAY BICYCLE races may be a thing of the past, but a group of bike-happy students at Juniata are trying to make a collegiate sport of the seven-hour cross-country pedal grind.

In late March, 27 men students organized a "test of endurance" on bicycles and headed for the capitol building at Harrisburg, 96 miles away over Route 22.

Twenty-four of the 27 made it! There were no casualties, just disabled bicycles.

And the winner, Rich O'Connell '64, Pittsburgh 16, didn't need seven hours. He pedaled the distance in six hours, 25 minutes.

Notes From the Desk

THE JOURNAL of Chemical Education has selected Dr. David M. Hercules '54, associate professor of chemistry, as a representative for its "men-who-are-important" series of promotion folders.

A biographical article on Hannah Whitall Smith by Prof. Earl C. Kaylor, Jr. '46, will appear in the multi-volume biographical dictionary "Notable Women of America," sponsored by Radcliffe College.

President Calvert N. Ellis '23, is serving on the 16-member Commission on Federal Relations for the American Council on Education because of his important post as chairman of the Commission on Legislation of the Association of American Colleges.

Dr. Eva Hartzler '38, professor of chemistry, has been selected to attend a National Science Foundation Summer Institute at American University June 18-July 27.

An essay by Dr. Robert B. Thornburg, professor of English, was published in a recent issue of *Response*, quarterly journal of the Lutheran Society of Worship, Music and Arts. Its title: "Bach, the Lutheran Layman, and The Church Year."

Bethany Biblical Seminary has announced that Dr. Donald F. Durnbaugh, assistant professor of history, will teach in its department of church history next fall.

WHAT WILL COLLEGE BE LIKE FOR YOUR CHILDREN . . . ?

Questions like this must be in the minds of every college graduate who has children—children who one day will follow in their parent's footsteps in pursuit of higher education.

Such questions are posed and possible answers given in the following supplement telling of higher education's future.

The editors are proud to present:

Russian People 'Sold'

THE RUSSIAN PEOPLE are "sold on Communism" is the opinion of **Joseph Bozicevic '58** who saw Russia for five weeks as few Americans do. He speaks Russian.

Joe toured with a group of 91 students and teachers (sponsored jointly by the Government and Indiana University) whose purpose was to master the language.

He's now teaching Russian and German at Mary Washington College and at a high school in Fredericksburg, Va.

Relating his experiences to a reporter for *The Pittsburgh Press*, **Bozicevic** said five weeks in Russia was enough. "You can't reach them," he said of the Russian people. "They're 40 percent human and 60 percent Communist. They are quite sure the world will be Communist in 20 years."

"Soviet man has accepted his government system as an unchangeable reality," **Bozicevic** said. "His mind is stuffed constantly . . . by the greatest advertising campaign in history."

The message is always the same: "You have more than your fathers had due to communism."

Bozicevic's tour of Russia included five cities: Leningrad, Moscow, Stalingrad, Rostov and Kiev. Everywhere he was bombarded with questions about the American way of life.

THE PITTSBURGH PRESS

From Russia: One balalaika, one poster of Moscow. That, plus some interesting observations, came back with Joe Bozicevic '58.

JUNIATA ALUMNI AT BETHANY

WITH GRADUATION many students say good-by to the academic halls of learning. Some, however, choose a vocation which calls for further study. Among these are five recent graduates of Juniata who are continuing their formal studies at Bethany Biblical Seminary, Chicago.

Bob Blair '60, John Henry '61, Galen Heckman '61, Bruce Dickey '58, and Al Nyce '56, entered the Church of the Brethren's Seminary last fall as juniors (first-year students). From interviews with several of them comes this glimpse into the lives and work of the students at Bethany.

Coming from a small town campus, the boys find that city life can present some adjustment problems. John said "Life here is quite different from in Huntingdon—it's still rather hard to remember to lock everything." Galen pointed out one rule which students

at Bethany follow, but which seemed unusual to him at first: "You always need to have at least one other fellow go out on the streets with you, especially at night."

Academic life at Bethany demands some adjustment for the junior, too. Bob and John both remarked that quite a bit more reading is required for each class than would be normal in college. However, Galen feels that this is balanced by the fact that the atmosphere of the classroom and the close relationship between student and professor gives the student a strong incentive to study.

Both John and Galen expressed appreciation of the liberal arts education they had received at Juniata and found this a good background for Seminary study. They recommended a strong background in philosophy and contemporary theology for their

pre-theological undergraduate friends at Juniata College.

Each student at Bethany is required to do some practical work, which will prove helpful in his vocation. Bob is actively involved in an athletic program for teen-age boys, ages 15 to 17. Galen is teaching Sunday School at the Chicago Parental School, a school for many of the city's problem children. John teaches Sunday School and works with the youth in a Congregational Church located in the north shore area of Chicago, one of the richest communities in the nation. The main problem facing him in this work is the fact that educational and intellectual demands have first place in the lives of the youth, sports and social activities take second place, and this leaves the church playing a "not-too-important" role in their lives.

Some students also have other jobs while at Bethany. Bob is working three nights a week at a service station on Chicago's famous Rush Street, as he says "in the middle of the night club set." Galen is employed in the mail order department of Sears, only several blocks from campus.

While living quarters at Bethany are small, they are adequate for a Seminary family. John says: "We enjoy the fellowship which the cozy living arrangements give." The Henrys live in a two-room apartment in Mack Hall, while the Blairs have three rooms in Moore Hall.

Bob, John, and Galen all indicated that life at Bethany has been very enjoyable and challenging. John felt that one of the finest rewards of Seminary life was the opportunity of meeting students from all parts of the nation and the close fellowship which results. Galen has appreciated the challenge of new ideas and new approaches to old ideas; he said "It's most challenging to try to apply our ideas to our practical work situations."

Bob reflected the sentiments of the scholar when he reported that he enjoyed "just the fact that I'm here learning." He also confessed that his conception of Seminary had changed—for the better: "Bethany is one of the best theological Seminaries in the Chicago area as far as academic accreditation, and I have already encountered here some of the best teachers I've ever had."

He is an instructor of history and English at the Ephrata Union High School. The Applebys have one son Theodore.

Capt. Donald D. Davis, Jr., completed the military orientation course at the Medical Field Service School, Brooke Army Medical Center, Fort Sam Houston, Tex., Feb. 2. Capt. Davis has a medical degree from Hahnemann Medical College in Philadelphia and before entering the army he was on the staff of Bryn Mawr Hospital.

On March 1, **John E. Koontz** learned he had been awarded National Science Foundation stipends for graduate study in mathematics at Bowling Green State University, Bowling Green, Ohio. He will be one of 30 participants in the Academic Year Institute. At the present time John has no idea what his Ohio address will be, so until further notice it is R. D. 1, Everett, Pa.

The Rev. Ronald K. Morgan is now pastor of the Community Church of the Brethren in Hutchinson, Kansas. Rev. Morgan and wife (**Dorla Kinsey** ex '57) now have their third child and third daughter as of May 22, 1961. Her name is Glee Eileen. Home address is 526 E. 8th St., Hutchinson.

Mitzie (Osborne) ex '55 and **Phil Carr**, ex '53 have moved to a lovely country home in Valencia, Pa., R. D. 3, where Phil can do plenty of hunting and fishing and Mitzie hopes to be able to get in some horseback

riding. Phil is currently working for Alcoa-Aluminum Co. in Pittsburgh, Pa.

Elsie Haussler is teaching in a large elementary school—2,000 pupils and a staff of 80 teachers—in Germany. Her address is Frankfurt Elementary School No. 1, APO 757, New York, N. Y. Elsie writes: "It seems like such a long time since we were at Juniata. Much has happened. Since August, 1960, I have been teaching in Germany in the Army Dependent's Schools. Last year I was assigned to Gelnhausen which is about 45 minutes from Frankfurt. The town goes back to the 12th century. Streets are cobblestoned and to my surprise, I saw a woman passing through town with a flock of sheep. During the summer of '61, I transferred to Frankfurt and really appreciated the convenience of the city." Elsie said she has tried to take advantage of as many travel opportunities as possible. Her first Christmas was spent in Bethlehem. She says "we also had lots of fun taking a camel ride to the pyramids of Gizeh." Easter was quite a contrast since Elsie took a tour to Russia by bus. The drive was through Czechoslovakia, Poland and parts of Russia. While in Russia, she took a jet to Leningrad where she was shown the places that were so important during the Revolution. Elsie hopes to get home sometime in August.

Steve Musto has attended King's College, the University of Pennsylvania, and traveled around the world (48,000 miles) singing for U. S. troops, since attending Juniata College. He was associated with WPCA-TV in Phila-

Newark, Del.

Phyllis Link Randall sent in a new address as of February 1962 to 2620 University Dr., Durham, N. C. She says "It represents a

shift from a two-bedroom second story apartment to a four-bedroom one-and-one-half acres—plus house and lot. Woopee!"

Ronald L. Cherry and wife Betty Ann announced the birth of Anne Elizabeth Cherry, February 7, 1962. Ron and Betty Ann are now residing at 1830 Mifflin St., Huntingdon.

Pauline (Bane) Shaffer, with husband Fritz and three children—Dyke, Chris and daughter Tedy Lee, resides at 1234 Atascadero St., San Luis Obispo, Calif., where Pauline teaches in the home economics department of California State Polytechnic College. Her husband is a graduate in mathematics of the same college and has a position at Vandenburg missile base.

For some years Robert Pierpont ex '53 has been serving as Alumni Secretary at Pennsylvania Military College where he acquired his bachelor's degree. Recently he was elected assistant to the president with larger responsibilities in the area of alumni relations, public relations and development.

William McKinley Wright and wife announce the arrival of Mary Elizabeth Wright, on Saturday, March 17, 1962. Another daughter, Nancy Anne, was born April 16, 1959.

Robert A. Lefever, 3563 Evergreen Dr., Palo Alto, Calif., is the co-author of an important technical article which appeared in the January issue of *The Journal of the American Ceramic Society*. Lefever's paper is entitled *Analysis of Surface Features on Single Crystals of Synthetic Garnets*. He is now with General Telephone and Electronics Laboratories, Inc., in Palo Alto. When this paper was written, he was crystal chemistry group head of the Atomic Physics department of the Hughes Research Laboratories, Malibu, Calif. Since the Society's publications are the main sources of technical advances in the ceramic field, the publication of Lefever's paper in *The Journal* is a mark of high excellence in ceramic research.

A 10-Year 'Birdie'

WHO SAYS old college friendships fade away? Eleven female members of Juniata's class of 1952 have proved that this need not be so.

On June 13, 1952, I wrote the first letter in a "round robin" which was to prove successful beyond all expectation. The letters now are nearing the 400 mark. This "round robin" is a correspondence system whereby each girl writes a letter and sends hers plus all the others to the next girl on the list. When the "robin" returns to her she removes her old letter, writes a new one and sends it on its merry way once again. The letters (and snapshots—a favorite enclosure in the bulging envelope) take approximately three to four months to make one round.

When the "birdie," as it is affectionately called, made its first flight back in 1952 seven of the girls lived in Pennsylvania and four in nearby states. Since then there have been 18 states represented (from Massachusetts to Florida to California) and the Azores. Besides travelogues on these various locations, top news has evolved from careers to weddings to new homes to babies and finally to P. T. A.! And we all expect to have that evolve into grandchildren, so determined are we to keep our "birdie" alive.

All of us are married and have at least one child, the first, Charles Calderwood, born January 1954. Since then there has been a child expected at all times throughout these 10 years until there are now 16 girls and 14 boys. The mothers of these "robin" offspring include: Jo Ann Barksdale Calderwood, Bangs Keller Ayers, Ruthie Armentrout Felix, Kay Wright Oliver, Shirley Nell Zimmerman, Lois Robinson Darby, Mary Lou McKee Landes, Dottie Hummer Allen, Lois Miller McDowell, Mim Smith Wetzel, and this writer. (Note: six of the "robin" papas are Juniata alumni.)

In 1957 six families attended a five year "round robin" reunion picnic at Wyomissing, Pa. A similar picnic was held each following year, and in July 1961 the reunion was held in Ocean City, N. J. Only Jo Ann, Bangs, Kay, and Mary Lou have been unable because of distance to attend at least one of these get-togethers.

True, in the busy lives we lead so many miles apart, some of these college friendships may have faded. But for a mere 16 cents postage we are able to visit each other via the "robin" several times a year and feel even closer than we were back in June 1952 when our "birdie" was hatched!
